Minutes
Supervisors' Meeting
December 11, 2025

The Board of Supervisors of Washington Township, Westmoreland County, met in Regular Session at 7:00 p.m., at the Municipal Building on December 11, 2025. Present were Supervisors Gardner, Olszewski and Thornton, as well as Solicitor Long of Long & Long and T.J. Stephens of Bankson Engineering Inc. The meeting was called to order by Chairman Gardner and opened with the Pledge of Allegiance.

Hearing no request for discussion on any items on the agenda, Gardner announced the following: The Washington Township Volunteer Fire Department Santa Patrol will be held on Saturday, December 13th, weather permitting. He is expected to leave the fire hall at 3:00 p.m.; the office will be closed on Wednesday, December 24th and Thursday, December 25th in observance of the Christmas Holiday; the office will be closed Thursday, January 1, 2026 in observance of New Year's Day; the Supervisors' reorganization meeting will be on Monday, January 5, 2026 at 5 p.m.; the Auditor's reorganization meeting will be on Tuesday, January 6, 2026 at 7 p.m.; the Supervisors' agenda meeting will be on Monday, January 5, 2026 at 5:30 p.m.; the Supervisors' regular meeting will be held on Thursday, January 8, 2026 at 7 p.m.

Gardner then continued with the motions.

Olszewski motioned and Thornton gave the second to accept the Fire Department Report for November. All voted in favor.

Thornton motioned and Olszewski gave the second to accept the Emergency Medical Services Report for November. All voted in favor.

Olszewski motioned and Thornton gave the second to accept the Emergency Management Coordinator's Report for November. All voted in favor.

Thornton motioned and Olszewski gave the second to accept the Engineer's Report for November. All voted in favor.

Olszewski motioned and Thornton gave the second to pay bills as presented. All voted in favor.

Thornton motioned and Olszewski gave the second to adopt the Washington Township budget for 2026. All voted in favor.

Olszewski motioned and Thornton gave the second to adopt Resolution 2025-10 to retain the tax rate of 14 mills for the year 2026 (10 mill appropriated to General Fund, 2 mill to Fire Department, 2 mill to Road Paving Fund). All voted in favor.

Thornton motioned and Olszewski gave the second to adopt Resolution 2025-11 to approve withholding the required 5% police officer contributions for the police pension plan in 2026. All voted in favor.

Olszewski motioned and Thornton gave the second to appoint Ann Getty as delinquent property Tax Collector in 2026. All voted in favor.

Thornton motioned and Olszewski gave the second to appoint Mark Zimmerman as a Municipal Authority of Washington Township member to a five-year term to run until 1/1/2031. All voted in favor.

Olszewski motioned and Thornton gave the second to lease office space to the Tax Collector and the Municipal Authority of Washington Township from 1/1/2026 to 12/31/2026. All voted in favor.

Thornton motioned and Olszewski gave the second to authorize Secretary to prepare a check payable in the amount of \$12,087.04 to the Washington Township Volunteer Fire Company which represents the balance due of two mills current and delinquent collected property taxes from July 1, 2025 through November 30, 2025. All voted in favor.

Subdivision and Land Use Requests

AT&T is proposing modifications to their existing Alcoa Tower located at 114 Bears Lane. Modifications include the replacement of dated antennas and radios, and the removal and replacement of power plant. No additional equipment, cabinets, electrical service, or a generator are being added. The height of the monopole tower will remain the same and a structural analysis report has been provided by Delta Oaks Group indicating the existing equipment has sufficient capacity for the new equipment. The Planning Department recommends approval of the proposed upgrades and modifications to the existing AT&T Alcoa Tower. No building permits are required for the proposed modifications.

Hearing no questions, Olszewski motioned and Thornton gave the second to approve the request of AT&T for modifications to the tower at 114 Bears Lane consistent with the submissions of the applicant. All voted in favor.

Arnold and Linda Kunkle are requesting to subdivide Tax Map #63-08-14-00-007 a 1.60-acre lot, into 2 lots. The purpose of the Plan is to create a new building lot. Lot 2 will be .42-acres containing a residential dwelling and detached garage serviced by public water and public sewage. Lot 1 will be a 1.13-acre vacant flag lot with 25.28' of road frontage. A 20' sanitary sewer easement for the private sewer lateral of Lot 2 is proposed through Lot 1 for the benefit of Lot 2. An exception is requested for Lot 2 to be an undersized lot and for Lot 1 to have a frontage of 25.28'. These requests are being made because the newly created Lot 1 will have two sanitary sewer easements that traverse the property reducing the buildable area. Westmoreland County Planning Department has reviewed the Plan and had no added comments. The Planning Department recommends approval of the Kunkle Subdivision located at 807 Kiski Park Drive with an exception being granted to Section 514A of the Subdivision and Land Use Ordinance 167 for an undersized lot, Lot 2, serviced by public water and public sewage, and for the frontage of Lot 1 to be 25.28', and contingent upon receipt of an approved Sewage Facilities Planning Module from the PA DEP. Any future house must be connected to the MAWT public sewer system, and all applicable fees must be paid to MAWT. The lateral connection must be installed per the specifications of the MAWT and inspected by the MAWT.

Gardner stated that the Supervisors visited the site since the request is for a severely undersized lot. Gardner questioned where the house would go and if a 25' driveway would be possible with the existing cross-pipe and 6' head wall, as well as two water valves being located within that 25'. Jason Artice from Sleighter Design, representing the Kunkle's, stated that the proposed house would be located on the northwest side of Lot 1 near the end of the flagpole. He stated that the property slopes in the back and is swampy. He continued that this is a temporary plan, and the long-term plan of Crystal Kunkle is to demolish the original house and combine the lots after her parents pass, and the 25" road frontage is for a legal driveway access, but the driveway will probably be located on the parents' lot. Solicitor Long added that the concern is making a precedent for allowing significantly undersized lots, but the decision is up to the Board. Artice reiterated that the back part of the property is unsuitable to build on and the plan is to construct the new house as close to the front property as possible and the undersized lot is only temporary. The Board continued discussions on possible alternate subdivision designs to make each lot approximately three-quarters of an acre. Gardner questioned Mr. Artice if he could revise the Plan dividing the property somewhere around the middle keeping the lateral line for Lot 2 on Lot 2 and a

possible waiver request for a side set back for Lot 1 to still be able to build in the desired area for the Board to consider. Mr. Artice stated that they have looked at the option and could prepare a new plan which will include the proposed house location.

Olszewski motioned and Thornton gave the second to table the Kunkle Subdivision Plan until the January meeting, and if the revised plan would not be available until the February meeting a time waiver would need to be signed by the Kunkles. All voted in favor.

Mr. Brewer is requesting an exception to permit two residential dwellings on one lot while a new manufactured home is being completed as the family continues to live in the existing home and move into the new. The new home will be constructed behind the existing home. The existing home is serviced by public water and public sewage. Mr. Brewer proactively made accommodations to his sewer lateral to be extended to the new home while the existing home was still in use. Mr. Brewer has estimated the construction to start in February and take 6 to 8 months. The Planning Department recommends approval of the exception with the following conditions: A demolition permit must be received prior to receiving an occupancy permit for the new home; the old trailer must be removed within 90 days of receiving an occupancy permit for the new home; the sewage lateral connection must be installed per the specifications of the MAWT and inspected by the MAWT, including the disconnection from the old home with all applicable inspection fees being paid to the MAWT.

Hearing no questions, Thornton motioned and Olszewski gave the second to approve the request of Tracy Brewer at 5027 Beech Road, with a Murrysville mailing address, requesting an exception to permit two residential dwellings on one lot while a new manufactured home is being completed as the family continues to live in the existing home until they are moved into the new home with the following conditions: a demolition permit must be received prior to receiving an occupancy permit for the new home; the old trailer must be removed within 90 days of receiving an occupancy permit for the new home; the sewage lateral and connection regarding the new home must be installed and inspected per the specifications of the MAWT and by the MAWT; the disconnection of the current sewer lateral from the old home must also be inspected by MAWT; and all inspection fees, tapping fees and other charges due and owing by the property owner under the rules and regulations of the MAWT shall be paid to the MAWT. All voted in favor.

Unfinished Business

There was no unfinished business.

New Business

Solicitor Long requested a motion to authorize the preparation and advertisement of a Games of Skill Ordinance for Washington Township. Thornton motioned and Olszewski gave the second to authorize the Solicitor to prepare and advertise a Games of Skill Ordinance for Washington Township. All voted in favor.

Public Comment

Adam Galmoff presented his plans to open an office for a contracting business and equipment storage garage at the old Prime Time Pizza on Route 66. Mr. Galmoff and the Board discussed requirements and possible options for access and building locations. Mr. Galmoff will continue his talks with PennDOT and present an official plan to the Board in the near future.

Hearing no further comments, Olszewski motioned, and Thornton gave the second to adjourn. All voted in favor. The meeting was adjourned at 8:03p.m.
