## Want to Evaluate PennDOT?

Township officials and their residents have an opportunity to provide feedback on their experiences with the State Department of Transportation. PennDOT is conducting an online survey to receive feedback on the state's construction and maintenance services. The 22-question survey asks about how the public receives PennDOT roadway information, how often PennDOT meets or exceeds expectations in construction and maintenance activities, experiences with reporting concerns, and the use of the state's 511PA traveler information services.
